The interlineations or cancellations made in the specification or amendments to the claims could lead to confusion and mistake during the issue and printing processes. Accordingly, the portion of the specification or claims as identified below is required to be rewritten before passing the case to issue. See 37 CFR 1.125 and MPEP § 608.01(q).

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Since claim 17 has been cancelled and the subject matter of claim 17 has been incorporated in claim 18 the dependency of claims 24 and 25 on claim 17 is clearly in error and should be that of claim 18 instead. Accordingly, the examiner has changed the dependency of claims 24 and 25 to that of claim 18. As noted above if this is unacceptable to applicant an amendment may be filed as provided by 37 CFR 1.312.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael B. Shingleton whose telephone number is (571)272-1770.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert Pascal, can be reached on (571)272-1769. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
